ANNOUNCEMENT

Fellow Breeders and Farmers:

IN presenting this, my ninth annual sale catalogue, I extend a cordial invitation to all Short Horn breeders and lovers of good cattle to be with us on sale day. I wish to say that I am selling a clean useful lot of breeding cattle in breeding condition. It is a great deal of pleasure to me to know the cattle sold in all my former sales have given the best of satisfaction wherever they have gone, and I am sure the cattle listed will do the same, as I am trying to sell a better lot than ever before. Would suggest to every farmer who is raising cattle that this is a very opportune time to buy a few females and gradually by using pure bred sires, lay a foundation for a herd of Short Horn Cattle.

You can sell every male calf at one year old at from \$75 and up, and by keeping the female increase and gradually dispose of your grades you can in four or five years have a full herd of pure bred cattle that will furnish you both pleasure and profit, and you will not seriously miss the small amount invested. Less than two per cent of the cattle of the United States are pure bred and on our high priced land those conditions must change. Now is the time and here is the opportunity. In less than five years you will no doubt wish you had started sooner. I know of no field for investment that I could more sincerely recommend than to invest in pure bred cattle at this time. Hope to have the pleasure of your presence at sale.

Guarantee

All animals are guaranteed breeders if properly cared for, and cows with calves at foot are proven breeders. If by chance any animal should fail to breed, we reserve the right to

have it returned to us for further trial, and if such animal should fail to breed for us after six months trial, an animal of equal value will be given in its place.

Terms

Cash or 6 months time will be given on approved notes bearing 8 per cent interest. Arrangements can be made with the clerk before the sale. Bring your Banker's reference with you.

Bids

Parties unable to attend the sale may send mail or telegraphic bids to either of the auctioneers in my care.

Take Notice

On the day of the sale the Chicago & Great Western will stop both east and west forenoon trains on the farm, within a few rods of the barn, to let off passengers.

I wish to say a word as to what put me in the cattle business, or what put new life in it for me, and that was in starting to showing. I was lucky enough the first show that I ever made to win first on the only one animal that I had out to show, and from that day I have showed some every year and have always won my share of the ribbons. But the best of it is that the cattle that I have showed is cattle that I have raised and fed myself, and that is the kind of cattle I am going to sell, and these cattle will do as well for anybody else as they have for me, if they give them ordinary care.

Auctioneers:—Cols. Nelson Kraschel, Harlan, Iowa; Carey M. Jones, Chicago, Illinois; Theo. Martin, Bellevue, Iowa.

Clerk:—T. J. Shoemaker.

W. A. WICKERSHAM.

I N F O R M A T I O N

Parties from a distance attending the sale will be entertained at Hotel Melbourne.

Parties coming to Marshalltown on any of the roads, stop at Pilgrim Hotel as my guests and take the Great Western to the sale, as it stops at the farm on day of sale, and so will the train from Des Moines, and will stop in the evening to pick up passengers.

A WORD ABOUT THE HORSES AND PONIES

AT MY SALE last year several came to me before the sale and wanted to know if I would sell some of the colts, but I wouldn't, so this year I am going to sell six good young mares with foal, all grays and the two light colored ones in the cut are included and they are from my best mares. Now these horses are not pure bred Percherons but could be recorded in the French Draft book.

I am also selling five Shetland Ponies, of which four are good young mares with foal, and the other one is a yearling horse colt out of one of the best mares we have. These mares are all broke every way and have been used by children all one year.

If any one is looking for a real good young mare or Shetland pony, don't overlook this bunch as they are all good ones, or I and several others don't know good ones when we see them.

Secret Viscount 212705—a red with white marks, calved May 6, 1903, one of the chief stock bulls at Bluff View Farm, is a Cruickshank Secret with as faultless a pedigree as can be written from a Scotch standpoint. I know of no bull in America today that has as many of the great bulls of Mr. Cruickshank's breeding right at the top of his pedigree. His dam, Sunshine by Craven Knight (96923) was bred by Col. Harris, his grand dam, Imp. Sorrel by Roan Gauntlet (35284), was bred by Mr. Cruickshank as were the next five cows in this exceptionally strong Cruickshank Scotch pedigree.

Missie of Linn Park 125570—bred to Proud Robin 323815, October 19, 1914.

The Missie Family—on account of having produced more high-class Short Horns during the past twenty years than any other is conceded by all to be the most valuable family in existence. The family was practically built up by the Messrs. Marr, Senior and Junior; they having purchased the cow Countess by Pacha (7612) from Capt. Barclay about the year 1850. Eighteen members of the family, old and young, sold at the dispersion of the Uppermill herd for an average of \$830.00 each.

Prince Robin 248348—a grand white breeding bull of March 17, 1904; bred by F. W. Ayers, Athens, Illinois, got by the grand dark roan Marr bull, Royal Robin 165629, out of Imp. Rosemary 201st, bred by John Marr, by Prince Horace 131995, bred by W. S. Marr. This is one of the very richest and most intensely bred Marr-Rosemary bulls in the country. The produce of Prince Robin are among the tops in whatever herd they are to be found, and there is no doubt but that through his services the Short Horns of Iowa have been appreciably enhanced in charcater and value.

Spicy Robin 134607—roan, calved January 30, 1895; bred by J. D. Willis, Bapton Manor, got by Roan Robin 109921, out of Sprightly by Captain of the Guard 132059; Spicy by Masterstroke 134598; Spicy 10th by Clear the Way 96746.

Imp. White Rose—bred by J. Milwood, Yorkshire, England, brought to America in 1833, by W. Dunn of Kentucky. Her descendants have always been held in high favor by Short Horn breeders, and many distinguished winners trace to her their maternal lines. The great Lucy family, bred at one time by Wm. Warfield of Kentucky, produced many noted show animals. The family is also a great milking tribe.

Cruickshank's Orange Blossoms—are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beautys coming through Queen of Scotland, a daughter of Edith Fairfax by Sir Thomas Fairfax (5196), whose daughter, Queen of the South, was one of the greatest cows in her day in all Scotland. Mr. Marr's great bull, William of Orange, was one of the noted Orange Blossom family, as was also the prize winner, Imp. Orange Blossom 18th, sold in 1876 for \$3,500, and considered almost a model of perfection. She had much to do with bringing Scotch cattle into the popular favor they enjoy.

Imp. Victoria 71st—was bred by Amos Cruickshank and imported by J. I. Davidson, Balsam, Ont. Sanders' History says: "The first of this Mason tribe to enter the Cruickshank herd was Victoria 19th by Lord John (11731). The first produce from her was a pair of twins, Victoria 29th and Victoria 30th. The latter left no female stock. The Sittyton Victorias imported to America have proved among the most valuable Scotch-bred Short-Horns that ever crossed the Atlantic, among which was the noted Baron Victor (45944), that did such excellent service in the herd of Col. Harris.

From this famous cow has descended one of the finest tribes of cattle known to the breeders of the world. The tribe became famous in the hands of the late Abram Renick of Kentucky. Imp. Adelaide—bred by R. Thomas in England, brought to this country by Messrs. Smith & Dunn, of Kentucky, in 1836. She was one of the finest and best bred cows that ever came to America. In all her crosses, save her sire; she was from the best of the Colling blood, while her sire was of the popular Cherry tribe from which sprang the highly valued Cherry Duchess family, that bring such fabulous prices in England at the present day. She made at public sale, in 1838, \$1,375—a great price at that date.

Along in the 70's his bulls sold readily at from \$500 to \$2,000 to head Short Horn herds.

Imp. Adelaide—bred by R. Thomas in England, brought to this country by Messrs. Smith & Dunn, of Kentucky, in 1836. She was one of the finest and best bred cows that ever came to America. In all her crosses, save her sire; she was from the best of the Colling blood, while her sire was of the popular Cherry tribe from which sprang the highly valued Cherry Duchess family, that bring such fabulous prices in England at the present day. She made at public sale, in 1838, \$1,375—a great price at that date.

Cruickshank's Orange Blossoms—are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beautys coming through Queen of Scotland, a daughter of Edith Fairfax by Sir Thomas Fairfax (5196), whose daughter, Queen of the South, was one of the greatest cows in her day in all Scotland. Mr. Marr's great bull, William of Orange, was one of the noted Orange Blossom family, as was also the prize winner, Imp. Orange Blossom 18th, sold in 1876 for \$3,500, and considered almost a model of perfection. She had much to do with bringing Scotch cattle into the popular favor they enjoy.

Secret Viscount 212705—a red with white marks, calved May 6, 1903, one of the chief stock bulls at Bluff View Farm, is a Cruickshank Secret with as faultless a pedigree as can be written from a Scotch standpoint. I know of no bull in America today that has as many of the great bulls of Mr. Cruickshank's breeding right at the top of his pedigree. His dam, Sunshine by Craven Knight (96923) was bred by Col. Harris, his grand dam, Imp. Sorrel by Roan Gauntlet (35284), was bred by Mr. Cruickshank as were the next five cows in this exceptionally strong Cruickshank Scotch pedigree.

Imp. Victoria 71st—was bred by Amos Cruickshank and imported by J. I. Davidson, Balsam, Ont. Sanders' History says: "The first of this Mason tribe to enter the Cruickshank herd was Victoria 19th by Lord John (11731). The first produce from her was a pair of twins, Victoria 29th and Victoria 30th. The latter left no female stock. The Sittyton Victorias imported to America have proved among the most valuable Scotch-bred Short-Horns that ever crossed the Atlantic, among which was the noted Baron Victor (45944), that did such excellent service in the herd of Col. Harris.

Barmpton's Prince 286472—a well bred Scotch bull; got by Banker's Victor 168457 (a first prize winner at the Iowa State Fair and many others), out of Barmpton Lily by Imp. Salamis 110075; Barmpton's Pride by Imp. Prince Bishop 67273; Imp. Barmpton Primrose by Viking 67909.
